Maybe you've decided to build your own boat in total, or have purchased a hull and deck to fit out to your own designs. Many folk have such dreams, but once started, find themselves confronted by many problems. It can mean financial disaster to get it wrong and shattered dreams can lead to shattered marriages!

Such problems are easily and economically avoided, thus we offer a service to visit your site and discuss your problems. If in the end you don't feel confident to do it yourself, we can do it for you. Don't worry, you have nothing we haven't addressed in the past, and our advice can save you a fortune.

We definitely encourage those who are willing to TRY themselves.
